"What Does the Bible Say?"

Class #3, 28 March 2009

1) What is the purpose of an elder/eldership?

2) What does an elder/eldership do?

3) What type of character/qualities must an elder have?

4) Why are these qualities important?

5) What type of relationship should exist between a congregation and its elders?

Once we have finished our discussion of these (this week or next), we will do the same with deacons and evangelists/preachers before moving on to the next series of questions.
